

Note: The CAA Standard Rate hourly charge applies.

Section A – Applicant

Notes: 1. The foreign validation of a Mongolian design approval is likely to require support from the Civil Aviation Authority of Mongolia. This form is used to initiate the process. 2. The support to obtain a foreign validation of a Mongolian aviation project is a chargeable activity at the rate specified in the applicable Civil Aviation Charges Regulations. 3. Fill this form and email to awd@mcaa.gov.mn , or post to AWD, Civil Aviation Authority, Airworthiness Division, PO-34, Box-6, Ulaanbaatar, 17120, Mongolia.			
Name of Applicant <i>(organisation name)</i>			
CAA Client ID (if known)			
Address for Service <i>Applicants must provide an address for service in Mongolia and to promptly notify the Director of any changes.</i>			
Postal Address <i>(If different)</i>			
Tel:		Fax:	
Email:			

Section B – Details for Invoice

Please provide the name of the organisation or individual, and address for the invoice to be sent, if different to above.

Section C – Details of the Mongolian design approval for which validation is sought

MCAA approval reference number <i>(i.e. Mongolian STC number or equivalent for TC related applications)</i>	
Product description	

Section D – Foreign Authority for which validation is sought

<p>This section is to capture which foreign authority the applicant intends to seek foreign validation of Mongolian products. This will assist the CAA with initiating dialogue with the relevant foreign authority.</p> <p>It does not indicate that there is a suitable arrangement in place for validation or what the requirements for validation by the foreign authority will be.</p>		
Authority (tick all where support with validation is requested)		Additional information and other items to be submitted with application
Federal Agency for Air Transport of Russia	<input type="checkbox"/>	For Type Certificate applications/amendments, fill out appropriate form and supply it including associated documents specified on the form with this application. No application is required for STC's and TC holder modifications which are automatically accepted by regulation.
United States Federal Aviation Administration	<input type="checkbox"/>	Fill out FAA Form 8110-12 and attach a copy to this application A Bilateral agreement defines how Mongolian design approvals are to be validated in the United States. The agreement sets out the FAA requirements for the validation depending on the approval to be validated. Please provide the information required by the Bilateral Agreement for the type of product for which validation is sought. (Para 3.2.2.3 for Type Certificates and Para 3.3.2.3 for Supplementary Type Certificates)
Transport Canada	<input type="checkbox"/>	Please submit this application form and the CAA will work with the applicant and foreign authority to define the other requirements.
European Union Aviation Safety Agency	<input type="checkbox"/>	Lodge an application with EASA for the validation and attach a copy to this application. EASA provides information on how to lodge an application here. Please submit this application form and the CAA with work with the applicant and foreign authority to define the other requirements.
Civil Aviation Authority of China	<input type="checkbox"/>	Please submit this application form with the appropriate data defined by the CAAC/MCAA Technical Agreement (contained in appendix B for type certificates and appendix D for STCs) and the CAA will work with the applicant and foreign authority to define the other requirements.
Other (please specify)	<input type="checkbox"/>	Please submit this application form and the CAA will work with the applicant and foreign authority to define the requirements for foreign validation in that State.
(Empty space for specifying other authority)	(Empty space for checkbox)
